Dysport - A natural - looking way to soften and smooth frown lines for up to 5 months

Skin Pen Microneedling

\$300 or Package of 4 for \$1000

(\$200 savings)

A minimally invasive cosmetic procedure that encourages collagen production using small, sterilized needles. It may help to smooth, firm, and tone skin and improve the appearance of scars, acne, and wrinkles. While multiples sessions are recommended noticeable changes can be seen in just a few weeks. Includes post procedure maintenance.

Chemical Peel Starting at \$125

Professional face and body peels. Please do not book if you have not had a consultation first.

Acne Clarifying Facial \$125

Extractions \$25

Improve skin clarity while combating acne and unbalanced skin. A combination of salicylic acid and acne fighting peptides to improve skin smoothness and balance oil production. Unclog pores and speed up cell turnover while creating an overall glow and revealing healthy skin.

Firming Vibrant-C Facial \$125

This potent, patented vitamin C facial is perfect for those looking to bring back youthful firmness and glow. A vitamin C enzyme peel combined with a unique pure vitamin C delivery system and double mask to encourage firming and brightening. You will leave relaxed, radiant and on your way to firmer skin.

Dermaplane \$50

Treatment to skim dead skin cells and vellus hair from your face.

Cutera Excel V+ Laser - Contact Us for pricing

Two clinically proven wavelengths treat large spot sizes up to 16 mm. Applications include rosacea, diffuse redness, facial veins, leg veins, periorbital veins, angiomas, port wine stains, poikiloderma, wrinkles, venous malformations, bruising, inflammatory acne, benign pigmented lesions, age spots, small area hair removal, scars, and acne scars.

PDRN \$300

Polynucleotides are bioactive molecules derived from salmon DNA fragments that stimulate deep skin regeneration. This advanced treatment improves skin texture, elasticity, hydration, and overall dermal health by boosting fibroblast activity and encouraging natural tissue repair. It's ideal for dull, dehydrated, aging skin and safe for sensitive areas.

Light Eyes \$250

The nonsurgical alternative to blepharoplasty. A special cocktail containing hyaluronic acid, ruscoides, vitamin C and antioxidants able to improve microcirculation, cutaneous elasticity and drainage in the periocular area to improve appearance of dark circles, edema of the lower eyelid, Dermatochalasis, and appearance of expression lines.
